Visiting Italy from China

From November 1, 2013, Dr. Chaofeng Luo, a clinician from Tsinghua Hospital of Tsinghua University, China, embarked his 6 months visit to the University of Pisa, Italy. He was well received by fellow partner, Mr. Alessandro Diaco, who just came back from Beijing, China, completing his 12-month secondment. What a reunion!

As soon as he arrived, he was greeted by Prof. Davide Caramella, the WIDTH partner in Italy and the head of the research labs Luo is visiting. He was then introduced their PACS systems, medical imaging scanners, and team members. Although it was only the beginning, Luo enjoyed himself very much and look forward to challenging work ahead he has been assigned to.
