## Happy New Year!

Since November 2013, Dr. Chaofeng Luo, from Tsinghua University Hospital, China has started his 6-month long visit to Pisa University. Extremely happily, while he was in Italy, his wife delivered their healthy beautiful baby daughter on the 24<sup>th</sup> of January in Beijing China as a wonderful gift to both calendar and Chinese lunar New Year (Year of Horse), indicating a great start of WIDTH project in 2014.

At the meantime, while in Pisa, Italy, Dr. Luo enjoyed home-like Spring Festive activities organised in Pisa.

**Visiting Germany from General Navy Hospital**

In a separate event, secondment is still underway. Dr. Wangsheng Lu from China visited Germany, Achens University, in December 2013 for 1 month. Due to Christmas season, he spent five days in Aachen, and then went to Berlin, Munich, Koln. Later on he traveled to Amsterdam, Brussels, Paris and Luxemburg in the last five days, enjoying Europe very much, including beautiful environment, unique and exquisite architecture, and smooth traffic is very convenient.

He felt more sense of Germany comes from Aachen, the small University town, with friendly and polite attitude towards foreign visitors, easy flow of public transport and well protected heritage.
