Visiting Middlesex University from China

In October, 2014, a group of 7 delegates from Navy General Hospital, Beijing, China, embarked their 2 weeks secondments to Middlesex University, UK. During their visit, a number of activities took place, including scientific seminar given by Prof. Tian on Image-guided Neuro-surgery, visiting Biomedical labs at Middlesex University, visiting Imperial college, University of Cambridge, and networking trip to Greenwich Royal Observatory.

Warehousing Images in the Digital Hospital: Interpretation, Infrastructure, and Integration

Their visit has deepened our research connections, improved our communications, and widened bilateral research interests.

Welcome back. Ms. Wei Li, who is a PhD student at Middlesex University, has come back after a year-long secondment to Fuzhou University. She is expected to complete her study in one year time.

Outreach

Visiting Middlesex University from Fuzhou, China

Another visitor coming in October is Dr. Liqin Huang from Fuzhou University, China. He is going to stay in the UK for 4 months, even after the WIDTH life time, implying our continuing collaborations. He is working on ultrasonic images.

On November 3, a group of delegate from Chong Qing City Planning Bureau visited WIDTH project at Middlesex University. Interesting discussions took place on the digital economy, sustainability, and future collaborations.

Visiting Italy from China

On the other part of the Europe, WIDTH activities take place at equal enthusiasm. Dr. Xiangjun Liu and Dr. Yonghong Niu, from Tsinghua Frist Hospital, China, came to visit University of Pisa, Medical School, at Italy. They even joined their summer school on Updates in Cardiovascular Pathophysiology. They are going to stay in Italy for 2 months each. Enjoy.
